Informatics Student / Software / Engineering Intern Applicant

Frontend & Web Projects | IT Support | QA/Testing | AI-Assisted Workflows

Informatics student at Yuan Ze University with experience in IT support, data reporting, troubleshooting, and web-based project development. Building frontend projects with JavaScript, TypeScript, HTML/CSS, and Vite, with interests in QA/testing, software development, engineering support, and AI-assisted workflows. Holds a Taiwan student work permit.

TECHNICAL SKILLS

- Languages: JavaScript, TypeScript, HTML, CSS; C++ and Python (coursework/basic)
- Tools: Git, GitHub, VS Code, Excel, Windows, macOS, Vite
- Focus: Frontend development, JSON/data workflows, technical documentation, product UX

PROJECTS

Ground Level Languages

2026

Language Learning App Prototype / In-Progress Personal Project

- Developing an in-progress sound-first language-learning web prototype with dynamic UI, multilingual content structure, audio interaction, JSON data, and responsive design.

AS ONE

2026

Browser Game / Interactive Web Project

- Created a browser-based game prototype with interactive UI, debugging, asset organization, character/story concepts, and user experience design.
- Developed as a rapid prototype/game-jam style project, practicing scope control, debugging, and iterative design under time constraints.

Personal Website & Technical Blog

2026

Portfolio Website / Personal Project

- Built and maintained a portfolio website documenting projects, software learning, design decisions, and development process.

WORK EXPERIENCE

Tulane Technology Connection

Oct. 2023 - Aug. 2024

IT Specialist

New Orleans, LA, USA

- Supported students and faculty with technology product selection, troubleshooting, and technical communication for Mac, iPad, Dell, and university systems.
- Managed product/order data using PIMS POS and Excel, preparing structured reports for vendors including Apple.
- Developed technical support, documentation, and problem-solving skills in a university IT environment.

ADDITIONAL EXPERIENCE

Pontchartrain Partners — Facilities & Maintenance Specialist

2017 – 2022

Canal Street Veterinary Hospital — Veterinary Assistant

2015 – 2017

EDUCATION

Yuan Ze University

Expected 2028

Bachelor's in Informatics

Taoyuan City, Taiwan
